# 2019 PFLAG NATIONAL CONVENTION

By submitting a workshop proposal for the 2019 PFLAG National Convention, I affirm that:

- I understand the nature and purpose of the PFLAG National Convention and that LGBTQ equality is the focus of this event.
- I understand that the primary audience of the convention is PFLAG chapter leaders, members, supporters, grassroots advocates, and community organizers doing work in their communities on a volunteer basis.
- I understand that my workshop should focus on ways to empower PFLAG members and other community advocates to become effective in achieving [PFLAG's mission](#) both locally and nationally.
- I acknowledge that convention workshops are meant as educational sessions for convention attendees and not sales/marketing opportunities for me, my company, or my organization.
- I acknowledge that as a workshop presenter, I am volunteering my time and will not be financially compensated or reimbursed for my time, travel expenses, and/or lodging.
- I understand that if my workshop is accepted for presentation, and I intend to participate in activities throughout the weekend, I will be expected to register for the convention at the presenter rate of XXX.
- Unless otherwise specified, PFLAG National has my permission to make audio, video, and photographic recordings of my presentation at the convention for historical record, marketing, and as an educational resource to attendees. Audio and visual recordings of workshops may be provided to constituents through [pflag.org](http://pflag.org).
- I agree to abide by the guidelines and expectations laid out by PFLAG National.
